DAY 2 - NGORONGORO CRATER GAME DRIVE

After an early breakfast, we head out towards the Ngorongoro Conservation Area. A UNESCO World Heritage site, the Ngorongoro Crater is 600 meters deep, 20 km wide and is the largest unflooded, unbroken caldera in the world. It holds the greatest concentration of wildlife in Africa and is an extraordinary ecosystem, where you can find the Big Five and if you're lucky, even the endangered black rhino. This area serves as an important space for the animals of the Great Migration to give birth at Lake Ndutu, which borders the southern Serengeti. Enjoy a game drive and picnic lunch in Ngorongoro before driving to Pakulala Luxury Safari Camp, located close to the edge of the Ngorongoro Crater.

Pakulala Luxury Safari Camp is an exclusive campsite, composed of only 11 tents, offering a unique experience and spectacular views of the crater caldera. The luxury tents are furnished with unique furniture, locally made with original designs. The comfortable beds and 100% cotton sheets ensure a good night's sleep, whereas you can wash off the dust after a long day on safari in the hot showers, with a flush eco toilet. For dinner this evening, we will join together in the mess tent and dine on the Mediterranean influenced menu.

Included meals: Breakfast, Packed Lunch & Dinner

DAY 3 - NORTHERN SERENGETI GAME DRIVE

After breakfast, we leave Pakulala Luxury Safari Camp and the Ngorongoro Conservation Area behind us and enter the Serengeti National Park. Located between the Central Serengeti and Kenya's Masai Mara National Reserve to the north, the Northern Serengeti is a remote African wildlife wonderland. The vast, rolling savannah of the Northern Serengeti, is known as the hub of the great migration. The landscape is characterised by vast stretches of savannah interspersed with acacia trees and riverine woodlands. Commonly spotted wildlife include: a multitude of plains game such as buffalo, zebra, gazelles, impala, giraffe as well as lion and leopard.

Today, you will be out on a game drive for a large part of the day, before reaching the award-winning Bush Rover Migration Camp. A private and unique safari camp, right in the heart of the action but away from the crowds, the camp is seasonal and moves between 3 private sites depending on the migrations, but always within the Serengeti ecosystem. The accommodation features working Land Rovers which open out as gracefully as a swallowtail into stunning safari rooms. Each 4.2 x 4.8 metre tented bedroom sits on top of a Land Rover on a sturdy metal platform, using the vehicle as the foundation.

All suites have solar-powered lighting and hot water, a flush loo, and even a bathtub in the back of the Land Rover. The elevation of the bedroom and balcony is key to the Bush Rover experience, as guests can feel the security of height but get as close to the wildlife as possible. Drinks can be enjoyed by the campfire under the endless stars before dinner in the cosy dining tent.

Included meals: Breakfast, Lunch & Dinner

Accommodation: Bush Rover Migration Camp, Serengeti River

Nestled in the heart of the North Conservation Masai Mara Reserve, the Neptune Mara Rianta Camp is immersed in the original bush among indigenous plantations and trees. The 20 luxury tents are directly overlooking the Mara River, which winds itself around the camp with gently flowing waters surrounded with wild life and teeming with large groups of Hippos Upon arrival you can enjoy the stunning views from the lodge during our lunch.

At the C, each tent has a thatched roof, verandah and full ensuite bathroom, very much in the 'Lewa' style. The central areas have cool gardens with a sunny verandah and swimming pool to enjoy during the day, and cosy log fires in the lounge and dining room during the chilly evenings.

After lunch, you will head out for your afternoon game drive in this unique wildlife conservancy. Spanning over thousands of hectares of vast open savannah grasslands in northern Kenya, Lewa Wildlife Conservancy is home to the world's largest population of Grevy's zebra. Renowned as a pioneer and leader in responsible tourism, Lewa Wildlife Conservancy actively advances and develops community engagement and wildlife conservation. It has been declared a UNESCO World Heritage Site and serves as an important sanctuary for a large selection of wildlife including the endangered black rhino as well as the white rhino. Lewa offers visitors the opportunity to have close encounters with these prehistoric creatures against an unspoilt backdrop, making it one of Kenya's top game-viewing destinations.
